

Narbonne High SCHOOL

Wednesday evening, November 13, will be a big night for the Senior Honor Society. Under the direction of Miss Stiff, a party is to be held in the school gymnasium from 7 to 9 p. m.

The affair will be to honor the new members and acquaint them with the old. Committees are being chosen by Frieda Oehlman and Marjorie Irvine, officers in the Scholarship and Honor organizations.

Another group having a party is the A12 class. They will carry out a Halloween motif at their get-together, which will take place Wednesday evening, October 30.

Six new members were recently chosen to become Vigilantes at Narbonne. This is an honor club consisting of 12 senior high boys chosen for leadership and service to the school.

Frank Hinckley, James Willacy, Jack Hunt and John McQueen, senior A's; and Frank Watanabe and Jack Schatz, senior B's, are the boys to receive this honor. Old members include Wallace Mayer, Stanley Nietupski, Joe Wales and Clark Walker.

Several interesting assemblies have been planned for Narbonne student body members for the near future. On October 28 Mrs. Hardie's junior dramatics class will present a skit, "Polite But Firm," to advertise the community chest drive.

Captain Jones, the magician, will entertain the Gauchos with sleight-of-hand tricks at a pay assembly October 30. He has entertained Narbonne students before with his combination of art, humor and mystery.

A junior A. S. B. assembly has been planned for November 1 at which a group of 37 students will give readings. Music will be provided by Mrs. Sutcliffe, and the meeting will conclude with yells and songs led by the four boy and four girl cheer leaders.

Another assembly has been planned for November 8 in observance of Armistice Day. The program will consist of two speeches by members of the Public Speaking Club, patriotic music, and a patriotic poem. The assembly will be for all junior and senior high students.

More Men Needed On Patrol Duty

Reply is expected shortly from Chief Raymond Cato to the request of the board of supervisors asking that additional men be added to his force to more adequately patrol state highways in Los Angeles county.

Continued increase in the number of traffic accidents, with a consequent high number of fatalities, was behind the request, made on motion of Supervisor John R. Quinn.

Former Columbia Steel Man Joins Star Furniture

Steve Schmidt, formerly employed at the Columbia Steel plant in Torrance, is now in charge of the electrical appliance department of the Star Furniture Company, according to J. G. Koch, proprietor of the furniture company.

STEVE SCHMIDT

For the past six years Mr. Schmidt has been in charge of the meta-pickling department at the steel plant, and his many friends and former associates at the Columbia mills extend their best wishes to him in his new position.

Ask Survey of Mexicans Continue

Application to the federal government to continue the survey of American-born Mexicans on relief in Los Angeles county will be made by the board of supervisors, with the county to act as sponsor of the project.

The project, which was under way by the SERA at the time the Works Progress Administration began to take over all work projects, was about one-half completed. County supervisors agreed to sponsor the project, providing it was without cost to the county.

There is a large Mexican population in some communities of the county.

Keeping Up With Torrance High

By RAY DAVIS

With last Friday their bye week, the Torrance Tartars had a chance to make more-perfect timing in their plays and get the plays down absolutely "pat" so they can go to Lomita tomorrow and show the Gauchos some real football.

The boys are showing real fight and are fully prepared to meet Lomita's squad. It is rumored that the Gauchos have a slight lead over Torrance but, summing up all the dope, the Tartars should come out victorious.

Last year, the first time Torrance defeated Narbonne, the score was 13-0. According to some mentors, this year's score should be about the same, or possibly 13-6, with Torrance still taking the lead.

The author makes this an appeal in asking every citizen of Torrance to be present at the game tomorrow and support the team with its yells, interest and songs. The bleachers, including the auxiliary bleachers, were packed to capacity and many people were even standing in 1934. With the league championship depending on tomorrow's game, a similar turnout can be expected.

The Torrance high school Scholarship Society held its first meeting Thursday, October 10. The members elected Mildred Hitchcock, president; Max Smith, vice president; and Dorothy Shaw, secretary-treasurer.

Plans were discussed for the coming banquet to be given at Torrance high school this year. Several good suggestions were made, but the meeting was adjourned before any permanent decisions were completed.

At last the ever-patient seniors have received their sweat-ers. After what seemed years of waiting, they finally blossomed out in them Monday noon. Tuesday morning it was a bit foggy, and that kept quite a few of the seniors from wearing them. It seems that they are going to guard these sweat-ers with their lives.

An important event took place

this week. Three students were appointed to fill the vacancies on the student board of control left by the graduation of several members. The fortunate students are Laura Mae Hyde, Gertrude Mowry and Harry Blahart. The appointments are for the remainder of their school lives. These students were chosen by the faculty from among ten, all of them worthy of the positions. It is a great honor and we are sure that it is appreciated.

The student board of control is a fairly recent innovation, established by Mr. Waldelich. It consists of seven members at least, one of whom must be a girl. Mr. Elson meets with the board. It considers student ap-

peals and metes out punishment when needed.

This week in the main hall showcase some of the artwork of Mexico is represented. The exhibit was arranged by two B7 girls in correlation with their social studies. Some of the articles in the exhibit represent the silver work, drawn work and the thimble lacquer work. For this exhibit, Miss Vaubel and Miss Cooler, who journeyed to Mexico last summer loaned some of the articles they purchased.
